2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

- The faculty employs multimedia methodologies to enhance the engagement and interactivity of classroom instruction. The elucidation of concepts through demonstrative models and charts is consistently favored whenever practicable to ensure effective pedagogy.
- Optimization of PowerPoint presentations through the utilization of LCD screens for the effective conveyance of lectures.
- Incorporation of videos in the presentations as necessary to foster engagement with the subject matter.
- Addressing specific topics with a focus on preparation for competitive examinations such as the GPAT, among others.

The institution promotes the utilization of contemporary technologies by faculty members to enhance pedagogical effectiveness. ICT-enabled classrooms equipped with LCD projectors and Internet access are made available to complement traditional blackboard instruction. The teaching staff is encouraged and motivated to review video lectures pertaining to their subjects from esteemed national university websites. The college ensures high-speed internet connectivity for students to facilitate prompt access to educational resources. Additionally, the faculty advises students to engage with the widely acclaimed and engaging video lectures related to their courses by providing relevant links.
