A Text Book of **Pharmaceutical Analysis Practicals**

Dr. Ampati Srinivas | G. Sahithi Reddy

About the Author

Dr. Ampati Srinivas is a respected academician and researcher in the field of Pharmaceutical Chemistry and Pharmaceutical Analysis. Dr. Ampati has over 21 years of teaching experience and having administrative experience in the field of Pharmacy Institution. He has completed his B.Pharmacy from Kakatiya University, Warangal, India, M.Pharmacy from Andhra University, Vishakapatnam, India with Pharmaceutical Chemistry specialization. He has completed his PhD from Kakatiya University, Warangal, India. His efforts in research have generated more than 60 original research papers in National and International Journals. He is examiner to More than Five Universities in India.

Ms. G. Sahithi Reddy is a Scholar in the field of Pharmaceutical Analysis; She has completed her B.Pharmacy and M.Pharmacy in Pharmaceutical Analysis from Jawaharlal Nehru Technological University Hyderabad. She has presented so many Research papers in various National and International conferences and received 'Best Poster Award' in 9th Indo-Caribbean International conference'. She has published research articles in various national and international Journals.

A Text Book of Pharmaceutical Organic Chemistry-III

Dr. Ampati Srinivas

NITYA PUBLICATIONS

About the Writer: Dr. Ampati Srinivas is a respected academician and researcher in the field of Pharmaceutical Chemistry. Dr. Ampati has over 18 years of teaching experience and having administrative experience in the field of Pharmacy Institution. He has completed his B.Pharmacy from Kakatiya University, Warangal, India, M.Pharmacy from Andhra University, Vishakapatnam, India with Pharmaceutical Chemistry specialization. He has completed his PhD from Kakatiya University, Warangal, India. His efforts in research have generated more than 50 original research papers in National and International Journals. He is examiner to More than Five Universities in India.

About the Book: The present book entitled "A Text Book of Pharmaceutical Organic Chemistry-III" is a result of very honest and sincere efforts. This book provides complete concise concepts of Stereo Isomerism, geometrical Isomerism, Heterocyclic compounds and finally Named reaction of Organic chemistry along with their synthetic applications. These topics have been selected as per the syllabus prescribed by the esteemed Pharmacy Council of India (PCI) applicable to all the B.Pharmacy IV Semester students in the India. This book will be helpful to all the first bench as well as Last bench students and budding teachers too.
