DIGITAL PAYMENT FACILITY

The Digital Payment Facility at Unity College of Pharmacy provides a secure, convenient, and transparent platform for students and parents to manage all financial transactions.

Our online system streamlines the processing of tuition, examination, and miscellaneous fees, providing expeditious transaction handling and immediate receipts. This capability diminishes the necessity for in-person visits and cash transactions, thereby augmenting overall efficiency and accessibility. Integrated with multiple payment gateways, the system accommodates diverse payment methods, including credit/debit cards, UPI, and net banking. This initiative is in accordance with our commitment to digital transformation, furnishing users with a seamless experience while adhering to contemporary financial protocols in education. The Digital Payment Facility at Unity College of Pharmacy delivers a secure, efficient, and convenient platform for transactions. Students, faculty, and staff can readily remit tuition, fees, library dues, and mess charges via mobile wallets, debit/credit cards, and net banking, thus cultivating transparency, minimizing paperwork, and fostering cashless campus operations
