

## **HEALTH CENTRE FACILITY**

### **Establishment of a Comprehensive Health Centre at Unity College of Pharmacy to Promote the Well-being of Students and Staff**

Unity College of Pharmacy provides a comprehensively equipped Health Centre committed to the physical and psychological welfare of its students and personnel. This facility offers first aid, routine medical assessments, and urgent healthcare under the direction of certified medical practitioners. Furthermore, routine health initiatives, educational campaigns, and counselling resources are implemented to foster a culture of well-being within the institution. Accessible during operational hours, the centre is affiliated with proximate medical institutions to facilitate referrals for specialized intervention. Emphasizing preventative methodologies and holistic wellness, the Health Centre is integral to the preservation of a secure and salutary academic atmosphere. The Health Centre at Unity College of Pharmacy is dedicated to the timely and dependable provision of healthcare services to the student body, faculty, and staff. Equipped with essential medical resources and staffed by proficient healthcare professionals, the centre manages routine examinations, initial medical assistance, and minor health crises. Moreover, the centre orchestrates health education programs, immunization initiatives, and wellness advisory sessions to promote comprehensive health. This infrastructure guarantees a protected and healthful campus setting, thereby sustaining the physical and mental health of the collegiate community.
